Travel Insurance Advisory

Dear Guests,

We sincerely hope that your vacation plans go smoothly, enjoyably, and uninterrupted. However, it's always important to be prepared for a "rainy day."

We strongly urge you to purchase some form of travel insurance policy at time of booking or immediately after your non-refundable deposit has been made (when applicable.)

Our agency can supply you with comprehensive travel insurance coverage, or you can certainly arrange a policy on your own. Whatever you decide, please don't travel without travel insurance, especially internationally.

Please ask us for more details on travel insurance.

If, at the present time, you are certain that you wish to decline our travel insurance offer, please send us an e-mail as soon as possible, stating: ***"I decline to take travel insurance at this time."***

Thank you and enjoy your trip!
